

James Gardner is Awarded Citywire's Top 30 Under 30 Accolade

Alpha Portfolio Management is pleased to announce that our Head of Propositions, James Gardner, has been awarded Citywire's Top 30 Under 30 - for the second time!

James has been identified as a rising star within the UK wealth management sector and we believe this further endorses the depth of talent within the Alpha Portfolio Management Team.

James Gardner commented: *"I am extremely proud of this achievement. To be awarded this honour twice in my career is overwhelming. I would like to thank clients and the team at Alpha for all their support and I am looking forward to the road ahead. Fortunately for everyone else, and somewhat remarkably given the stock picture, I will not be eligible for this award again as I turn 30 in January next year!"*

Andrew Morris, Principal and Head of Business Development remarked: *"James is an invaluable member of the Alpha team. He is dedicated and hardworking and deserves this award, albeit Citywire could have used a more up to date photo! I am looking forward to continuing to work with James and the rest of team, developing Alpha Portfolio Management."*
